

Bill Bauer

1337 Tulberry Circle, Rochester, MI 48306 • (248) 917-1825 • bauer.bill@proton.me

Objective

Motivated High School Computer Programming Student, interested in an entry level position supporting the IT requirements of a business. Desiring an opportunity to utilize my passion for computer science and attention to detail to improve operational efficiency, while gaining experience in a real-world business setting.

Work and Volunteer Experience

- Freelance Server Host Virtual

Configured, hosted, and administrated a game server to create minigame experiences for players. Analyzed user feedback to improve existing user engagement and attract new users.

Education

2025-present **Oakland Schools Technical Campus Northeast (OSTC-NE)** Pontiac, MI
Computer Programming - Expected Completion, May 2027

Two year program in web development, application development, and computer programming

- Writing code to power game design, application development, and web development
- Finding/creating solutions to complex problems through the universal language of computers
- Gaining programming certifications: JavaScript, & HTML and CSS, and pursuing additional certifications including Python and Java through OSTC-NE

2023-Present **Stoney Creek High School** Rochester, MI
Expected Graduation May 2027

In addition to general high school studies, completed Web Design and Social Media class

- Social Media Marketing Certification, February 2025
Learned and simulated social media campaigns, implementing data analysis techniques, making data-driven decisions relative to revenues and profits, and executing report-based strategy adjustments.
